

WE'RE MAKING A

# TEXAS

## SIZED ANNOUNCEMENT ABOUT THE GROWTH OF PLG

For 25 years Padgett Law Group (PLG) has excelled at delivering a client-first approach while offering sound legal advice and aggressive representation for our partners. We set the bar for excellence in creditors rights' representation because we're focused solely on building a service-driven practice that encompasses the full range of default needs for today's creditors. For over two decades PLG has been a boutique firm with a conservative growth model in the Southeast United States. Today, we're excited to announce that the firm has added the great state of Texas to our footprint which also includes Arkansas, Tennessee, Georgia, and our founding state of Florida.

We invite you to join us in this celebratory moment for our firm. Texas represents a monumental move for our firm as we expand not just our team of industry-leading attorneys, but continue to grow the operational footprint of our expanding national bankruptcy practice, and build a new home for PLG in the Dallas metro area. The new Dallas office will put #PadgettPeople within an 18 mile drive of all major servicers in the Dallas metro area, allowing us to share our expertise face-to-face; offer complimentary, large-scale training in our new facilities for your process-level team members; and to grow the scope and scale of the excellent legal work our firm already provides throughout our now five state footprint.

Thank you for your business and trust over the last 25 years. We look forward to seeing you in Texas and celebrating yet more milestones together as client and counselor.
